

BodyNew MedSpa turns one lucky Valley woman's \$10,000 Dream Makeover Into a reality!

(Scottsdale, June 2007), On June 22, 2007 Catherine Mramor of Phoenix was presented with BodyNew MedSpa's ultimate \$10,000 Dream Makeover Package at their ribbon cutting ceremony that showcased this great facility.

Body Sculpting Center and BodyNew MedSpa donated the \$10,000 Dream Makeover Package and proceeds from the ticket sales went to A New Leaf, formerly PREHAB of Arizona.

Marvin Borsand, D.O. Medical Director of BodyNew, presented the winner with her Dream Makeover prize before friends, family, media and state officials at the ribbon cutting ceremony of the Valley's largest, most advanced cosmetic surgery center and medspa under one roof!

The news came to Catherine a few days before the event. When she found out, she was in utter amazement. She had no idea that she would ever be selected but her desire to looking good and feeling better led her to BodyNew's website in the first place. That's when she stumbled upon the giveaway that would soon change her life. As a wife and mother, Catherine was looking for a facility where she would feel confident she's receiving the most advanced services in a relaxing environment. "I love the BodyNew MedSpa Staff, they make me feel so comfortable, they're awesome," she says. Now it's just a matter of choosing amongst a wide selection of the latest advanced treatments and services.

Coming from a woman who's never won so much as a two-dollar lottery ticket, she feels very lucky. Her dream of looking great and feeling better has become a reality. Her prize includes a custom-designed package worth up to \$10,000 in Cosmetic Surgery and MedSpa services.

Marvin Borsand, D.O., Medical Director of BodyNew MedSpa, and staff are shown cutting the ribbon with Arizona Representative John Kavanaugh to launch the official grand opening of BodyNew MedSpa.

A New Leaf is a non-profit agency Helping Families...Changing Lives through Domestic Violence & Family Homeless Shelters and Youth & Community Programs.
